## 48-Lid SmartDrawer™ High Density Storage

The premier solution for small item dispensing

This unique addition to the SmartDrawer solution provides Absolute Control® for small items such as inserts, taps, drill bits, small tooling, fuses, switches and keys.

The 48-lid SmartDrawer features a specially designed sloped tray for easy retrieval of the smallest items, even while wearing gloves. The SupplyLink touch screen makes it simple, fast and easy to select the right item from any SmartDrawer solution.

### Why SmartDrawer is Superior:

- Utilizes industry standard shop floor cabinet systems: new or retrofit existing cabinets
- Easy pick-to-light design for employee access
- Control access at the part number level
- High capacity storage in a small footprint
- Easy to administer and even easier to expand
- Most flexible use of space available – fill with 48 separate SKUs or the same one depending on need
- Individual lid control according to the business rules applied to tools, such as whether the item is returnable or not, loan periods for check-in/check-out, automated lock-down, employee access, etc.

### Tailor SmartDrawer to Your Needs!

Choose a stock cabinet of all 48-lids for 384 individual compartments or mix and match with other SmartDrawer lid styles for a tailored application to meet facility requirements.

- Secure transaction capture in the event of an Internet failure using “store forward” technology
- Servers hosted by AT&T at their regional operations center
- Plug and Go technology

### 48-Lid Dimensions

92.71mm L x 19.81mm W x 27.94mm D

### Special Split Configuration Available with New Modular Design!

Install longer lids on half the drawer space to accommodate small and large drill bits up to 177.80mm in a single drawer!

## SupplyPro - Simplicity that Delivers

SupplyPro, Inc. is the premier provider of Point-of-Use (POU) inventory management solutions with over 5,000 installations in 39 countries. Our solutions bring proven simplification to the distribution and management of MROP, safety and tooling supplies at the work cell.
